Board Member Development Opportunities

The Board of Education places a high priority on the importance of a planned and continuing program of in-service education for its members. The central purpose of the program is to enhance the quality and effectiveness of public school governance in our school district. The board shall plan specific in-service activities designed to assist board members in their efforts to improve their skills as members of a policymaking body; to expand their knowledge about trends, issues and new ideas affecting the continued welfare of our local schools; and to deepen their insights into the nature of leadership in a modern democratic society.

The board regards the following as the kinds of activities and services appropriate for implementing this policy:

1. Participation in school board conferences, workshops, and conventions held by the state and national school boards associations.
2. District-sponsored training sessions for board members.
3. Subscriptions to publications addressed to the concerns of board members.
