to the Superintendent

October 2020

Dear School Family:

Many students of all ages throughout the state are now learning through online instruction. The State is working to help ensure all students without a home Internet connection are able to get online for remote learning.

If you do not have an Internet connection at home, help is available through Atlantic Broadband, your local Internet provider:

- If you **do not have Internet at your home**, contact Atlantic Broadband by **Friday, October 16 at (855) 290-4353** during the hours of 9 AM-5:30 PM (M-F) and a representative will explain the program and make arrangements to have the Internet service installed at your home. You may also complete an online form at <https://atlanticbb.com/everybodylearns> and a representative will reach out to assist you.
- If you currently are receiving Internet from Atlantic Broadband or another provider, you do not need to do anything at this time and may disregard this notice.

We know that the COVID-19 situation has been a challenging one, especially for school families, and we want to be sure that you have the tools you need to make online learning successful.

Should you have any questions at all, please do not hesitate to contact me.

Sincerely,

Laurie Pallin

Laurie Pallin
Superintendent of Schools

Our Vision

At Montville Public Schools all students will be engaged in purposeful and challenging learning experiences that are responsive to individual differences. As a community we share accountability for student success and social and emotional well-being. Through strong relationships with students, parents and the community, we will promote civic responsibility, development of personal identity, and respect for diversity. By providing an environment where it is safe to take risks, students will learn to take pride in who they are and what they accomplish. The Montville Public Schools will deliver on the promise of high achievement for all students and eliminate opportunity gaps to ensure every graduate is a critical, creative, and collaborative problem-solver ready to enter college and career in a global society.
