

Superintendent's Update – Feb. 2, 2021

Montville Public Schools

COVID-19 Cases

Since my last update on Jan. 31th, we have received notice of 12 positive cases. Three of those cases, one at Tyl, one at Mohegan, and one at Palmer, required contact tracing. Close contacts at Mohegan and Tyl were rapidly identified and informed.

School	Date of Positive Result	Last date person was in building	# Close Contacts
MHS	2/2	1/22	0
Palmer	2/2	1/29	0
MHS	2/2	1/22	0
Mohegan	2/1	1/26	14
Oakdale	2/1	1/22	0
Oakdale	2/1	1/22	0
Tyl	2/1	1/5	0
MHS	2/1	1/12	0
Murphy	2/1	1/12	0
Tyl	2/1	1/22	0
Tyl	2/1	1/8	0
Tyl	1/31	1/26	7

This is an increase in the incidence of cases over the past several days, however these cases are **not** related to any school-based transmission. We will continue to watch our numbers carefully and emphasize application of all mitigating strategies.

It is extremely helpful that families are proactively quarantining students who have been close contacts of a positive case and that, combined with our hybrid model, has greatly limited the number of close contacts at school.
